COMMON QUESTIONS ABOUT PLANNING FOR 2022

When should I start planning?

We typically begin taking reservations by the first of October for the following year. **August is a great month to contact our office for help planning your 2022 Alaska vacation.** Our staff will have more time towards the end of the summer to dedicate to building the trip that is exactly right for your party. If you are ready to confirm by September you will enjoy early access to activities, lodging, and popular transportation services like dome trains and rental cars.

Any other perks for booking early?

Travelers who confirm their trip by the end of September will **receive 5% off their entire 2022 trip.**

If I confirm my 2022 trip then, can I still make changes or cancel it?

If you include our cancellation waiver, you may change or cancel your reservation for any reason without a fee or penalty up until 31 days prior to travel. [More details here.](#)
