A brown bear stands in a grassy field, looking to the left. The bear is the central focus of the image, with its thick brown fur clearly visible. The background is a soft-focus green field with some yellow wildflowers. Overlaid on the left side of the bear is the text "Alaska Travel Planner" in a white, handwritten-style font. The word "Alaska" is on the top line, and "Travel Planner" is on the line below it. A thick white horizontal brushstroke underline is positioned beneath the words "Travel Planner".

ALASKA TRAVEL PLANNING

HOW TO GET STARTED

FREQUENTLY ASKED QUESTIONS

We know there's a big leap between *thinking* about an Alaska trip and *planning* an Alaska trip—and we're here to help you make that jump! Let's start with a few questions that our team of Alaska travel experts ask guests during the trip planning process.

1 What's on your Alaska bucket list?

Do you dream of traveling into Denali National Park? Always wanted to touch a glacier? Watch bears in wild? [Look for some inspiration on pages 4 - 7.](#)

2 How many days can you travel?

Alaska's big, so the length of your trip will help determine what destinations you can fit in. To help you see what you can do in your amount of time, we've created five, seven, and ten-day+ vacation packages. [Check out sample packages starting on page 8.](#)

3 How do you want to get around?

Our most popular trips include travel by railroad and motorcoach. If you seek flexibility and the freedom of open roads, a rental car is a great option. [Flip to page 19 for motorcoach info and page 20 to learn about Alaska trains.](#)

4 What if you want to make changes after booking?

Travelers are often planning a year out, and a lot can happen between booking and leaving for Alaska. Our cancellation waiver allows you to change or cancel your reservation for any reason without a fee or penalty up until 31 days prior to travel. The cancellation waiver costs just 3% of covered services.

And now for your questions. We cover common initial traveler questions below, and you can find even more FAQs about planning, destinations, weather, and much more by scanning the QR code.

What is the best time to visit Alaska?

Because of the long days and variety of things to do and see, we recommend mid-May to mid-September. If you want to see the northern lights, consider February or March. You'll enjoy more daylight then, but still have long nights for aurora viewing.

Do I need my passport to travel to Alaska?

U.S. citizen? You do not need a passport. If you are coming from outside the U.S. or traveling by cruise you will need a passport.

How can I travel to Alaska on a budget?

Travel during the May and September shoulder seasons. Many companies offer discounts then. But even during peak season, we can help find you savings.

What is a self-guided vacation?

On a self-guided vacation, we plan a custom itinerary for you to follow, but you will not be traveling with the same group or guide during your trip. You get to decide when you want to start, where to go, and how long to stay.

Can I take an Alaska cruise and an Alaska land tour?

Yes, you can! We can recommend and book an Alaska cruise and create a custom land tour that flows seamlessly before or after.

Where do I start my vacation in Alaska?

Most travelers fly into Anchorage or Fairbanks. If you are sailing north on a cruise ship and want to explore Alaska by land afterwards, we can create an itinerary that starts in Seward or Whittier, the two most popular cruise ports.
